

Project 2 - Fire Is Catching / SUA

The second collaboration project of Rent-A-Composer was realized by the Sua Trio (Mariana Hernández - violin, Juliette Cürlis - violoncello and Itxaso Etxeberria - piano) and the composer Nina Deuse.

A new composition was created for the fiery Sua Trio, it premiered on 17th september 2023 at Kulturkreis Hösel, Oktogon, Ratingen-Hösel, Germany.

Information to the new composition:

The new work SUA for violin, cello and piano was inspired by the name and nature of the all-female Sua Trio: Sua is Basque and means fire.

The central themes of this project were: fire and female power!

The structure and construction of the composition SUA is inspired by the complex development of gender equality, there are elements that move forward and backward in time, also simultaneously and in several interdependent layers. In the middle of the circa seven-minute trio composition there is a large mirror axis. However, this reflection is anything but perfect as there are a number of distortions. There are stumbling blocks, hurdles and regressions, and yet things continue to move forward.

This new work for trio is based on a contemporary fusion of hip hop grooves and abstracted soca, rumba and samba rhythms. Particular importance is attached to teamwork, because the melodies and rhythms are only created through perfectly coordinated, spirited interaction - so fiery that a small fire truck was installed.

Premiere concert:

Sua Trio – 2 plus 2 equals 3!

Compositions by Mélanie Bonis, Lili Boulanger, Rebecca Clarke and Nina Deuse (premiere).
